Institute of Accountancy

Study ACCA

**at your own pace and convenience
with PS institute and Studysmart**

Powered by First Intuition (FI)

PS Institute of Accountancy
brings you courses that aim to
enhance your knowledge and
advance your career.

FI learning solutions (FILS) Ltd. is part of the First Intuition Group. FI Ltd is a UK-based platinum-accredited ALP training in excess of 7500 UK accountancy students each year across ACCA, ICAEW, CIMA, AAT and UK Apprenticeship programmes. With online, classroom and self-paced delivery models and awarded 'UK College of the Year' four times, FI Ltd continues to shape UK accountancy training.

FILS provides accountancy training solutions to an international client base to support digital transformation in professional education. FILS' client-managed accountancy learning-platforms offer unique opportunities and CBE exam-preparation, providing both students and tutors with essential digital literacy skills.

ACCA Online Tuition Package

FILS is the first platform provider to offer digital solutions that provide 'digital independency' to ALPs like PS institute and Studysmart so as to use as a 'stand alone' and also have the opportunity to 'add' content to the system.

FI Online is a flexible online learning course that gives you complete control over your studies with all the support of FI tutors.

You will learn by following a structured online course using pre-recorded online lectures (recorded by expert tutors using the course notes that will deliver to your door). Therefore, for a professional education course that fits with every routine, choose accountancy courses online from FI.

FI online lectures cover all the key aspects of the syllabus and allow you to study at your own pace. This therefore allows you to review and revise content as needed, as well as to personalise your studies by progressing at a pace that works for you.

If you need help at any time, you have access to expert tutor support. For every FI Online course you will receive the name, phone number and email address for your course tutor. As well as being able to provide advice, your tutor will be on hand to help you with any areas you struggle with throughout the course.

With preparing for any professional exams, question practice and feedback is key and FI pride themselves on providing you with lots of question practice throughout the course – including mock exams with feedback – so that you can test your knowledge, focus your studies and keep on track towards passing your next exam.

What's included
